ATLANTA ANNUAL REPORT SENT OUT

COMPANY MAY INSTALL AN INDEPENDENT FLOTATION PLANT

The annual report of the Atlanta Mines company has just been issued showing a production of 1822 dry tons of ore of a gross value of \$38,111.94 and a net of \$12,821.66, or a net value of \$7.10 per ton.

In addition the company shipped 1212 tons of ore from the lease on the Grizzly Bear claim, from which was received \$4,211.71, net returns after deducting royalties, freight and treatment charges.

The report continues:

"As we have not developed a tonnage of ore than can be actually measured, sufficient to justify the installation of a mill, the future of your property depends on several conditions, namely: The possibility of local treat-

ment of such milling of local ore as has been disclosed and other similar ore which may be subsequently developed.

"In this connection it may be stated that the experiments of the Goldfield Consolidated Mines company, in treating base gold-copper ores by the process of oil flotation, have been very successful and it is the intention of that company to greatly enlarge its present 50-ton plant.

Still another plant, designed to treat ores by the same process, is now nearing completion in Goldfield. It is not unlikely that arrangements might be made for the treatment of our ores in one or the other of these plants, or it may follow that our future development of milling grade ore may be sufficiently extensive to justify an installation of our own.

The cost of operation of the company's property during the past year has been largely in excess of its earning capacity and at the present time the company has an indebtedness of \$43,242.85. Following is a statement of the company for the fiscal year ending March 31, 1916:

RECEIPTS:

Balance April 1, 1915 \$14,961.97

Sale of 15,000 Shares Treasury Stock 3,590.45

Sale of Ore 19,235.37

Borrowed from Bank 72,000.00

Miscellaneous 522.71 \$106,312.50

DISBURSEMENTS:

Taxes \$ 194.90

Interest 4,612.65

Equipment 12,867.94

Freight and Treatment 298.79

Legal Expense 280.89

Secretary and Treasurer's Office 577.12

Administration 360.00

Corporation Expense 1,270.78

General Expense 483.10

Development of Mine 97,588.67 \$119,655.32

Overdrawn at Bank, March 31, 1916 \$ 12,342.82

When the oil flotation process in the district shall have operated for a sufficient length of time to enable us to form definite conclusions concerning the desirability of such a process and

the particular nature of the process which may be applicable to the ore of the Atlanta, an effort will be made to refinance the corporation so that advantage may be taken of such ore as may be found in your property.

USE KNIFE AND GUN

IN A NIGHT BRAWL

FIGHT ON LOWER MAIN STREET SENDS ONE MAN TO HOSPITAL WITH BAD WOUND

Martin Alicia is in the hospital suffering from a gunshot wound through the back and Charles Rich is under treatment for knife thrusts sustained last night. Both men engaged in a quarrel about a woman and in the mix-up that ensued Alicia is said to have drawn a knife with which he inflicted a serious cut in the abdominal region of Rich. A friend of the latter known as Jim Zanpadi is alleged to have retaliated by firing a shot from a revolver which caught Alicia in the back. The bullet has not been located but the wound is not believed to entail any danger. Zanpadi escaped, but was captured this morning at 7 o'clock in the hills back of the railroad station where officers were conducting a search of every house in that vicinity. Zanpadi, after the shooting went to his cabin and changed his coat but did not return during the night as the house was kept under surveillance. When arrested Zanpadi still had the gun used on Alicia.

UNITED STATES PASSES

THE 100,000,000 MARK

(By Associated Press.)

WASHINGTON, Apr. 19.—The population of continental United States on April 1 was 102,804,000 as estimated by the treasury department statisticians in computing the per capita money circulation of the country which they place at \$38.41, an increase of \$3.67 over the per capita circulation on April 1 last year.

PIONEER'S REMAINS ARE LAID TO REST

Surrounded by flowers he loved so well, with lighted tapers dimly burning around his bier, Edward Clifford, Sr., reposed last night in K. C. hall with many friends joining in the last prayers for the departed. The American flag was draped at the foot and wonderful blooms in various designs were arranged around the coffin.

Lilies pure and white, sweet peas with fragrance of pink petals, roses soft and luscious, carnations, ferns, violets, jonquils and hyacinths spoke of the love and gratitude of relatives and friends. The sweet incense of floral beauties was a silent prayer to the everlasting Father for rest and peace.

Among the pieces were: cross of white and pink sweet peas; gates ajar, white and pink roses and sweet peas; arch of white and pink roses and ferns; wreath of autumn leaves and white carnations; star and crescent of white and pink carnations; large cross, white roses and ivy, Knights of Columbus; St. Joseph lilies and ferns, Mr. and Mrs. L. C. Slavin; large wreath white carnations and red roses, J. S. Mullins; bank of white and pink roses, W. J. Drysdale; vase of white carnations and fern, Mr. and Mrs. R. C. Prouty; vase of pink roses and fern, Miss Marie Crane; wreath and easel of white carnations and fern, Mrs. Ed. Clifford and grand-children; vase of white and pink roses and fern, Mr. and Mrs. J. W. Clifford; vase of St. Joseph lilies and fern, Mr. and Mrs. Geo. M. McKenna; vase of sweet peas and carnations, Mr. and Mrs. L. W. Horton; pink and white carnations, Mrs. Marty; wreath of pink roses, Mrs. Keough and family; vase of white and red carnations, Mr. and Mrs. Antoniazzi and family; bunch of pink roses, Mrs. J. I. Bricca; bouquet of pink roses, Mr. and Mrs. W. Clifford; wreath of pink and white roses and ferns/Mr. and Mrs. Maurice J. Sullivan; vase of white carnations and ferns, Mr. and Mrs. J. W. Starkey; vase of white and red gilly-flowers, Charles Hay; bunch of white carnations and palm leaves, Mr. and Mrs. E. Dubrowsky; bouquet of pink roses, Mrs. J. W. Williams; wreath of white carnations and pink roses, Dr. Hood; vase of white and pink carnations, Mrs. Goetz; vase of white carnations and red roses, Mr. and Mrs. Geo. J. Lewis; wreath of pink roses on cross of white carnations, Mr. and Mrs. J. W. Clifford; large cross, Mrs. Ellen Bowler and bouquets from Mr. and Mrs. Frank Meyers, Mr. and Mrs. R. J. Williams and the Kind family.

This morning the funeral services were held under the auspices of the Knights of Columbus from St. Patrick's church where Father Dias pronounced a feeling eulogy on the life of the deceased. Solemn requiem high mass was celebrated with full choral accompaniment and at the conclusion the cortege was reformed to wend its way to the new cemetery where the body was consigned to the grave. The floral offerings required five automobiles to convey them from the home of the K. C. The pallbearers were Chris. Barry, Frank P. Keans, George Dugan, P. J. McQuade, D. J. Robb, George Troy, Ed. McLaughlin, Martin Hannigan, M. Shea and Peter Duffy.

CHINESE GIRL STUDENTS OFFER THEIR SERVICES

(By Associated Press.)

HANKOW, Apr. 19.—Fifteen girl students of the Girls' Agricultural school in Yunnan, under the leadership of Miss Mou Chi-cheng, offered their services to the revolutionary government as soldiers in the ranks.

PTACE RUMORS PUT UP PRICE OF MONEY

LONDON, Apr. 19.—The value of the German mark rose sensationally on the Amsterdam Exchange market yesterday on various peace rumors.

PRIVILEGES GIVEN ABSENT STUDENTS

ALLOWANCE MADE FOR UNIVERSITY MEN CALLED TO THE COLORS

(By Associated Press.)

VIENNA, Apr. 18.—Thousands of university students who are serving at the front have just learned that the Austrian ministry of education has decided to grant them special privileges in the way of shortening their college course. In the faculties of philosophy and law the men will be allowed to count their time at the front as a university year. But as for medical students the authorities say the responsibilities of doctors to the community are too serious to be lightly dealt with and so these students cannot be credited with time like their fellows in other departments. But through more extensive lecture courses and possibly being permitted to take their examinations a little sooner, the medical students will be given some compensation for their army work.
